

Multipurpose Reloading Complex has increased financing of its social programme

31 October 2017

For 9 months of 2017 the Multi-Purpose Reloading Complex (MRC, part of UCL Holding) in the port of Ust-Luga (Leningrad region) has invested 2,29 mln roubles in realization of its social programme, which is by 25% more than during the same period of last year.

The main part of the funds was remitted as charity. For instance, the company financed construction of the new family library in the town of Kingisepp. MRC has traditionally rendered financial support to its employees.

The Company reimbursed expenses for medical services, medicine, recreation activities, excursions and sports events. The Company's employees got payments on the occasion of significant state holidays and family events. Besides, in the beginning of the new school year MRC rendered financial support to the workers whose kids went to school for the first time.

In the framework of professional development programme the Company has increased financing for training of the personnel. Since the beginning of the year 184 employees have improved their qualification, which is four times more than during the same period of last year
