

# Multipurpose Reloading Complex takes lead in the industry

16 March 2018

In 2017, Multipurpose Reloading Complex LLC (MRC) won the competition of the Federal Marine and River Transport Agency (Rosmorrechflot) as the “Industry Leader” in the “Marine Stevedoring Company” nomination.

The honorary award was given to MRC for its high performance: in 2017, the company increased its cargo turnover by 23%, year-on-year, to 5.5 million tonnes. That growth dynamics was possible due to systemic efforts of the company focused on capacity expansion, infrastructure upgrading and retrofit. Last year saw a four-fold increase of MRC allocations for its development programme, to RUB 161.9 million.

“We consider high appreciation of the company activities as a motivation for striving towards our goal of making even larger contribution to the economy of the region and the industry as a whole, – said Sergey Chelyadin, Managing Director of MRC. – That victory was possible with high professionalism of the team giving its best every day. I thank the port personnel for the excellent result!”

The official ceremony of awarding the winners of the “Industry Leader” competition will be held on 27 March 2018 in Moscow, at the final extended meeting of the Board and the Public Council of Rosmorrechflot. About Multipurpose Reloading Complex: Multipurpose Reloading Complex LLC (MRC) is cargo terminal in the port of Ust-Luga, Leningrad Region, specializing in unloading, storage and loading of exported and imported general and bulk cargoes. The main cargo is export power coal. In 2017, MRC LLC handled 5.5 mln t of cargo, up 23%, year-on-year.
