

# Multipurpose Reloading Complex' congratulations on May 9

7 May 2021

Dear port employees and veterans! Congratulations on the coming Victory Day!

On this day, we commemorate great deeds of our fathers, grandfathers and great-grandfathers, those who lived in blockaded Leningrad and those who had their duty at the port. We are grateful to them for their courage and valor, for the today's peaceful skies.

Every year pulls back the Great Victory setting it deeper into the history. That was a great day, a symbol of the Soviet people's feat. Today, we are building our peaceful life for us and for those deprived of it because they sacrificed themselves for that.

Once again, I congratulate everybody on this day! I would like to wish the veterans sound health and long peaceful lives. Your grandchildren and great-grandchildren are proud of your deeds!

Andrey Zubarev, Managing Director, Multipurpose Reloading Complex LLC
