

Congratulations on the Marine and River Fleet Workers' Day!

2 July 2021

Dear colleagues and dear friends! Congratulations on our professional holiday - Marine and River Fleet Workers' Day!

The ports and the fleet have always played the key role in the history of our country, in strengthening and development of its economy. Port workers, seafarers and river transport personnel do their best and enhance their efficiency even in the pandemic period.

We particularly thank the veterans who dedicated many years of their lives to our industry. Your commitment ensured preservation of the best work traditions and shaped the contemporary production culture of Russian ports.

On this holiday, we wish you, your nearest and dearest sound health and wellbeing. We also wish you understanding with the colleagues, have many true friends and associates! All the best for you!

Sincerely yours, the team of Multipurpose Reloading Complex LLC
