

# Within 9 months of 2014 “Multipurpose Reloading Complex” transferred 152.8 mln rubles for the implementation of the development programme

28 October 2014

Within January-September of 2014 LLC “Multipurpose Reloading Complex” (MRC) in port of Ust-Luga (Leningrad region) transferred 152.8 mln Rubles for the implementation of the development programme.

149.5 mln Rubles were transferred for the purchase of new handling equipment and development of port infrastructure. 3.3 mln Rubles were transferred for lease payments for the equipment purchased earlier.

Within the programme on technical re-equipment 2 MANTSINEN 120R manipulator-cranes and

2 KOMATSU WA420-3B front-loaders were set into operation, which enabled to increase the speed of handling of railcars. Hence within 9 months of this year average day discharge at the terminal amounted to 154 open-top railcars which is by 14% more than in 2013, maximum discharge was 276 open-top railcars per day.

Within the reporting period company’s funds were also transferred for measures aimed at increase of terminal production capacity and for modernization of water treatment facilities.

*Reference: LLC “Multipurpose Reloading Complex” is a cargo terminal in the port of Ust-Luga in the Leningrad region, specializing in acceptance, storage and shipment of export and import general and bulk cargoes. In 2013 the turnover of Multipurpose Reloading Complex amounted to 3.5 mln. tons.*
